**A**s the 1968 Olympic Games open in Mexico City, it can be said; —

For the last 56 years, whenever the international sports festival is held, Ohio State athletes have been in the select circle of Gold Medal winners.

Beginning in 1912, and including Bill Hosket's appearance on this year's U.S. basketball team, Ohio State has sent 138 athletes into the Games' competition, with two men — middle distance runner Mal Whitfield and Hurdler Glenn Davis, appearing in two Olympics. Each time they were winners.

Greatest of all Buckeye performers was the remarkable Jesse Owens, a four-time Gold Medal winner in 1936. Owens won the 100 meters, 200 meters and broad jump and was a member of the winning 400 meter relay team. His broad jump record of 26 feet, 8½ inches (not established in the Olympics) stood for 25 years and was the oldest of all track marks to be broken. Joining Owens in the '36 Olympics was Dave Albritton, who was second in the high jump.

First Ohioans to appear in the Olympics were Clement C. Cooke, a sprinter, and Garnett Wikoff, a middle distance runner. They were in Stockholm, Sweden in 1912.

The first Buckeye to take an Olympic Gold Medal was Harry Steel, East Sparta, Ohio farm boy, who won the 1924 heavyweight wrestling championship in Paris. Steel, who also was a tackle on the football team, was captain of the Buckeye mat squad and a Big Ten champion. Participating with Steel in the 1924 Olympics were Russell Payne, in the 3000 meter steeplechase, and George (Phin) Guthrie, high hurdler.

George Simpson and Jack Keller were Ohio State's representatives in the 1932 Olympics at Los Angeles. Simpson, now deceased, was second in the 200 meters and Keller was fourth in the 100 meter hurdles.

Ohio State took three Gold Medals in the 1948 Olympics at London. Mal Whitfield won the 800 meters and also was third in the 400 meters and a member of the winning 1600 meters relay team. Bill Smith, first of many amazing Hawaiian swimmers on Buckeye rosters, won the 440 meter free style and was a member of the 800 meter relay team. The late Bruce Harlan won the three meter springboard and was second in the platform diving. The late Miller Anderson, fourth member of the Ohio State Olympic contingent, was second in the springboard.

The 1952 Games at Helsinki, Finland had a distinct

Buckeye flavor when three Gold Medals were taken.

Whitfield repeated as winner of the 800 meter run and was a member of the second place 1600 meter relay team. Ford Konno and Yoshi Oyakawa, two more popular Hawaiians, won their specialties, Konno taking the 1500 meters and Oyakawa touching out in the 100 meter backstroke.

Other Buckeyes contributed to U.S. stature. Gene Cole was a member of the second place 1600 meter relay team; Anderson was second in the three meter springboard; Robert Clotworthy was third in the three meter springboard and the late Jack Taylor was third in the 100 meter backstroke.

Other members of the U.S. swimming team included Jack Calhoun, Dick Cleveland, Frank Dooley and Jerry Holan. Mike Peppe, retired Buckeye swimming coach, was the diving coach of the U.S. Olympic team and Pete George was a member of the weightlifting team.

In the 1956 Games at Melbourne, Australia, Glenn Davis won the 400 meter hurdles and was a member of the winning 1600 meter relay team. Clotworthy, third at Helsinki, moved up to first place in the three meter springboard and Don Harper finished second in the same event. Konno was a member of the second

place 800 meter relay team and James George was on the U.S. weight-lifting team.

With Larry Snyder, retired Ohio State track coach serving as head coach of the U.S. team at Rome in 1960, Davis repeated his victory of four years before in the 400 meter hurdles. Davis likewise was a member of the winning 1600 meter relay team. Jerry Lucas, Ohio State's three-time all-American center, was a member of the championship basketball team and Sam Hall was second in the three meter springboard event. James George and John Pulskamp were members of the weight-lifting squad.

In 1964 at Tokyo, Tom Gompf was third in the three meter springboard and Lou Vitucci also competed as a diver. Ernie Biggs, Ohio State's athletic trainer, was a member of the U.S. Olympic staff.

Summarizing, Ohio State University has been represented in 10 Olympic Games and its athletes have won 19 Gold Medals. Meanwhile, coaches have directed clinics in various parts of Europe, Asia, North and South America, Australia and Central America. In addition to Peppe and Snyder, "Woody" Hayes, Fred Taylor, Floyd Stahl and Marty Karow have participated in clinical programs.

## Purdue Arena Offers Stage Setting

The Purdue University Arena is more than a circular building with a basketball playing floor.

At least half the cost of the six million dollar arena is in features other than the playing and seating area.

When architects Walter Scholer and Associates, Inc., Lafayette, Indiana, designed the building, their first architectural goal was to create an atmosphere of openness, as that used in a stage setting.

Unobstructed view from the seating area is enhanced by coloration and lighting. The warm light gray-colored interior of the arena's main room has much to do with attaining the visual effect of not easily defining any particular object. Thus the whole roof structure has a

"floating" appearance.

The visual "floating" effect of the dome is achieved by the use of an indirect lighting system. The lowest intensity is at the center of the dome and increases outwardly until the perimeter is the brightest area. All fixtures for the arena are mounted and serviced from a "light ring" suspended from the dome.

There is no overhead scoreboard to interfere with the general view across the arena. Players and spectators look at four corner scoreboards set at floor-level angles.

Acoustical considerations for the arena were carefully analyzed by the architect's consultant, Dr. Floyd Watson, who worked with the firm on the Purdue Music Hall.

# The next big Ohio State alumni gathering will be held Monday morning.

## 636 strong.

We're proud to say there are 636 Buckeye graduates working with us. They have interesting, responsible positions all over the world. Some Ohio State students know GM, too. By way of the GM Scholarship Plan. Ohio State University has participated in the pro-

gram since it was established in 1955. Altogether, GM has awarded more than 5,000 scholarships to students at 250 colleges and universities. 636 Ohio State grads make for a lot of Buckeye spirit at GM. So go Ohio State! We'll see you Monday morning.

It's GM people who make the GM mark of excellence

What's so great  
about ROTC?

Check 'em.

☐ **Great opportunity.** You earn a commission while you earn your college degree. Graduate—you start at the top. Fulfill your military obligation as an Army officer. With officer's pay. Officer's privileges.

☐ **Great advantages.** Employers prefer a college graduate with service as an officer. Pay more to get him. Because he's a trained, experienced leader. Can handle heavier responsibilities.

☐ **Great success.** From the 5% of college men who had ROTC training have come 24% of our state governors, 28% of executives earning \$100,000 to \$325,000 per year, 10% of Congress, 15% of our ambassadors.

☐ **Great guys.** ROTC men are campus leaders—in ROTC, athletics, extracurricular activities. And they do better scholastically than non-ROTC students.

☐ **Great extras.** \$50 per month in junior and senior years. Scholarships for outstanding students. Free flight training at over 125 colleges. Extra social activities—military balls, honor societies, bands, rifle teams.

Any way you look at it, there's a lot more going for you when you're in ROTC.

Your future, your decision...

## WHERE ARE THE LEADERS?

By General William C. Westmoreland  
Chief of Staff, United States Army

With few exceptions the leaders of tomorrow in all walks of life are on the college campus today. Some of them are here in this stadium, either on the grid-iron or in the stands.

While preparation for positions of responsibility generally is accomplished in the college classroom, many of the qualities possessed by men who become our leaders are acquired by practical experience and training which are not a part of the normal college curriculum. Many of these qualities are developed on the athletic field or through extracurricular activities. They are acquired to a significant degree through participation in the ROTC program.

Army ROTC, which is offered at 259 of our leading colleges and universities, is specifically designed to develop officers for national defense. But it provides training which produces leaders for other pursuits.

ROTC teaches college men to organize their activities, to motivate and lead others and to accept responsibility. It provides training and practical experience which develops self-discipline and self-confidence. These qualities and abilities are essential to success in an Army officer's career—they are

equally important for success in other career fields.

Men who possess them are in demand for positions of responsibility in government, business and industry, the professions and other fields of endeavor. Employers of college graduates state that they prefer men with ROTC training and experience as Army officers and many pay a premium, in the form of higher starting salaries, to get them.

Through Army ROTC, young men not only earn a commission and fulfill their military obligation as officers, but they also increase their opportunities for success in careers of their choice.

Students about to enter college and selected students already in college may take advantage of these opportunities by completing a four-year or a two-year program while they earn their degree.

The four-year program consists of a two-year basic course and a two-year advanced course. Students enrolling in the two-year program attend a six-week summer camp between their sophomore and junior years which takes the place of the basic course.

Outstanding students may win Army ROTC scholarships. Four-year scholarships are awarded on

a competitive basis to outstanding high school graduates and two-year scholarships are awarded to selected ROTC students who have completed the basic course. Each scholarship pays for tuition, textbooks and lab fees and provides a tax-free subsistence allowance of \$50 per month for the duration of the award.

More than 4,100 of the approximately 167,000 college students now enrolled in Army ROTC are attending college on Army ROTC scholarships. Over 1,794 scholarships were awarded this year.

Army ROTC students on approximately 150 campuses may participate in the ROTC Flight Instruction Program through which they may qualify for a private pilot's license.

The young man who wants to be among the leaders of tomorrow will find that Army ROTC offers significant opportunities and advantages.

The Professor of Military Science at any of the colleges and universities offering Army ROTC and guidance counselors in high schools, junior colleges or colleges can provide detailed information on the program. I invite you to investigate both the opportunities and the advantages it offers.

# Break your beard in right.

Right now your beard is in the formative stage.

You can shave it with a razor blade like your father does. And each time you do your beard will grow back a little more difficult. Until one day shaving's no longer a chore. It's an agony.

Look no further than your father's face for proof.

But fortunately, you're catching your beard at an early age. You can break it in to be just as shaveable 10 and 20 years from now as it is today.

With a REMINGTON® shaver.

And if you think the kind of shave we're selling won't be close enough for you, you're wrong.

Our new blades are sharper than anything that's been in an electric shaver before. And there's a dial that lets you adjust them for your skin and beard.

What's more, you can dial a REMINGTON electric shaver into a sideburn trimmer.

Admittedly, it costs more to buy our electric shaver than a razor and some blades.

But it's a good investment.

These next few years will determine how you and your beard will get along for the rest of your lives. <sup>+</sup>SPERRY RAND™ ©1966, SPERRY RAND CORP.

## THE OHIO STATE UNIVERSITY MARCHING BAND

Half-Time Presentation

### UNIQUELY OURS

#### Situation and Music

The Ohio State University Marching Band is known as a precision marching band, with all its work and effort to continue this high standard, this afternoon's drill says **Don't Give Up** as a bit of homespun philosophy.

This year marks the uniqueness of the all-brass marching band. It is our 35th anniversary celebrated by giving a thrilling sound demonstration utilizing the opening music of a popular movie. You might also recognize this music as the opening of **Also Sprach Zarathustra** by Richard Strauss.

As a unique part of this university, our championship twirler twirls to a composition entitled **Bubbles Was A Cheerleader**.

As unique as the band itself, one of the formations and trademarks of this group is the incomparable Script Ohio.

# We're proud...

that pHisoHex® has been selected as the antibacterial wash to be used by the U.S. Team for the 1968 Olympic Games!

A winning athlete takes special care of his skin. Above all, he protects it against bacteria that can cause infections and lead to missed practice sessions and games.

If you've ever tried to play with an infected blister on your heel or an abscess on your finger, then you know the role of healthy skin in sports. And that's why pHisoHex is an important part of an athlete's daily health routine. pHisoHex is America's leading liquid antibacterial skin cleanser in homes and in hospitals. Used regularly in place of soap, pHisoHex produces a superclean skin and builds up an invisible antibacterial film of hexa-

chlorophene to protect your skin against germs between washings.

And if you have problem skin, pHisoHex is often valuable. The antibacterial film it leaves on your face will ward off blemish-infecting bacteria. pHisoHex also helps to soften and wash away blackheads.

Use pHisoHex, the skin cleanser of winning athletes.

## How you can "join" America's Olympic Team

You can be there at the Mexico City Olympic Games as a welcome contributor to the Olympic Fund. And be proud of it!

Training, transportation, housing and equipping America's top competitors in the Olympic Games is a major financial task. Because the United States Team is maintained almost entirely by public subscription, without government subsidy of any sort, the interest and support of every American is needed to reach the \$3,500,000 goal.

If you haven't already done so, "join" in the Olympic movement now. Fill out the attached coupon, with your check for \$5.00 or more and mail - today. In acknowledgment, the United States Olympic Committee will send you the handsome men's tie bar (by Danté) illustrated below. Or, if you prefer, you may select a women's bar pin with safety catch of the same design. For a \$10.00 contribution, you will receive two gifts of your choice.

# Isaly's Wonderful World of Ice Cream

*IN 1910, our Founder, William Isaly, first made Ice Cream by hand-churning fresh cream and sugar in a wooden tub packed with ice and salt. Today, we freeze and package Ice Cream in our modern plants using the finest and most expensive ingredients, the strictest laboratory controls, and the skillful know-how of experienced employees. The result is an Ice Cream of fine quality and creamy goodness that is truly distinctive.*

The first three home games will begin at 1:30 p.m. EDT. The Homecoming game with Northwestern Oct. 19, which will be televised regionally, will begin at 2:20 p.m. EDT. The last two home games will begin at 1:30 p.m. EST.

VARSITY "O"

Post-game meeting place of Varsity "O" will be in the recreation center of the stadium dormitories.

SERVICE TO PATRONS

Emergency medical treatment is available in special first aid quarters back of Sections 11 and 12 in "B" deck. A mobile section also is available on the ground level at the northeast section of the Stadium. Pay telephones are located at Sections 5A, 8A, 10A, 17A, 19A, 20A, 22A, and at the southeast corner of the Stadium.

A LOST and FOUND WINDOW is maintained at the north or closed end of the Stadium until 30 minutes after the games. Losses should be reported there and any articles found should be turned in there or to any usher. Address inquiries to Arena Ticket Office, St. John Arena (293-2624).

RADIO AND MOVIE CAMERAS

Western Conference rules prohibit spectators having either RADIOS or MOVIE CAMERAS at the games. These may be checked at the LOST and FOUND WINDOW at the north or closed end of the Stadium and may be reclaimed there until 30 minutes after game at the same window.

PUBLIC ADDRESS ANNOUNCEMENTS

No announcements are ever made over the Stadium public address system except under the gravest circumstances, such as serious illness or accident. Kindly refrain from requesting this service.

Physician members of the Academy of Medicine of Columbus and Franklin County and the staff of Doctor's Hospital are paged by numbers.

REST ROOMS

Men's rest rooms are located at gates 7, 10, 12, 13, 17, 18, 23 and 24. Women's rest rooms are located at gates 461, 2, 12, 13, 19 and 20. Four rest rooms also are located on "B" deck. The larger but least used rest rooms are located on B level at the north or closed end of the Stadium.

**When it's football time...  
it's time to improve your lawn**

Take advantage of the best time of the whole year to rejuvenate a lawn. The experts always fertilize in the fall, when natural growing conditions are best for the development of good, tight turf. You can literally help grass multiply itself with an October or November feeding. The benefits will be apparent this fall — and in next year's lawn. Truly a once-a-year opportunity!
